NEW SBCC WEBSITE

Special Program September 9

This club's web site is nearly complete. As new things are thought of and improvement ideas come to mind, Phil Cohen has been busily building and finishing interesting and useful features into the site.

Plan to attend the special September 8 program when Phil will demonstrate the site's features to members and answer questions about how to use the site.

The club's newsletter is planned for the site along with an archive of competition results. A guest log where site visitors can make comments and ask questions about the club will be available. A frequently asked question file can be brought up for visitors to peruse. Also members can add pictures to their personal picture gallery. Winning competition pictures can also be seen on the site.

NEW COMPETITION YEAR

Off to a Good Start

Things are in place for an interesting photographic year. Competition chairmen have been assigned and they and their assistants have run the competitions smoothly. Members continue to submit interesting and excellent images. The following statistics break down member participation for the first round.

Color slide: "AA" (9 entrants); "A" (6 entrants)

Monochrome print: (6 entrants)

Color print: (17 entrants)

Photo Travel slide: "AA" (5 entrants); "A" (6 entrants)

Photojournalism slide: "AA" (4 entrants); "A" (5 entrants)

Nature slide: "AA" (6 entrants); "A" (6 entrants)

INTERNATIONAL PRINT EXHIBIT

August 11 - 7:30 PM

This program will be a showing of top prints from the 39th S4C International Exhibition of Photographers. Amateur photographers from 26 countries submitted prints to this salon. Color and monochrome prints will be exhibited in several categories. Everyone is invited to see this excellent program. Bring neighbors, family, and friends.

This will be the second showing of these prints. The first showing will be Saturday, August 9, 9:00 AM, at the Rosemead Community Center, 3936 Muscatel, Rosemead. Slide acceptances in this salon will be shown immediately following the print showing. Because SBCC members will see the prints August 11, they may want to attend these slide showings starting at 10:00 AM in Rosemead and enjoy seeing color slides: Pictorial (many of these will be digital images), Photo Travel images, Photojournalism images, and Nature images until 4:00 PM.

There will be a lunch break at noon and there are several restaurants within walking distance or within one-half mile driving distance from the center.

Directions to the Rosemead Community Center:

1. East on the "10" freeway to Rosemead Blvd.
2. North 3 blocks on Rosemead Blvd. to Valley View Blvd.
3. West 2 blocks on Valley View Blvd. to Muscatel.
4. South 200 yards on Muscatel to the center.
