#### **Words from the Prez**

What's in a Format?

Photographers preparing to take a picture are often faced with a question: What orientation do I use, portrait or landscape? (Square is an option for medium format cameras, both film and digital.) Subject matter often enters in the choice. People, flowers, trees, usually look better in portrait mode. Outdoor shots, group shots, mountain ranges, ocean views tend to go toward landscape mode. Many times, camera makers strongly influence our choices by making cameras easier to use in one orientation than another. 35 mm film and most digital cameras are easier to handle in landscape mode. Leica gets a lot of credit for that when they brought out their compact 35 mm cameras more than 80 years ago. Consider this, however. George Eastman's Brownie camera used portrait mode and many millions of them were sold. Look at some very old family photos from 75 years ago and the majority will be in portrait mode. What should you do? I would suggest that you take some time to look carefully at a photo and decide for yourself if the orientation works for that photo. Then, when you are shooting, shoot both ways to see how it works for you.

### Program February 27th: "Strut Your Stuff"

We all like to take pictures. Some of them we are proud of enough to show them to the club members. This meeting is the time to bring them in, whether or not they have ever been in competitions before. You can bring in up to 5 total in any or all of the presented formats. All must have the makers name and photo title attached or on the digital CD submitted. Prints must be between 6 x 9 inches and 16 x 20 inches. Slides must be spotted correctly. Digital images on CDs must be no more that  $1024 \times 768$  pixels, in .jpg format.

The digital images will take the most time to prepare, and will be shown after the intermission. Prints will be displayed during the intermission for close inspection.

Be prepared to answer questions about your images; however, we won't hold you to that.

#### **Rules for Submitting Digital Images to S4C Competitions**

The Rules for submitting entries to the Color Digital and Creative Digital Competitions, effective with the October, 2005 competition, are as follows:

- Up to **two** (2) **images** per competitor may be submitted to each monthly Color Digital and Creative Digital competition. Makeups are allowed.
- Entries for a monthly competition must be received **no later than 11:59 pm on the last day of the month immediately preceding the competition**. For example, entries for the November competition must be received no later than 11:59 pm on October 31.
- Each entrant must have an **S4C Uniform Entry Number** (UEN). A UEN can be obtained from Diane Racey (drs4c@aol.com).
- Entries for the Color Digital or Creative Digital competitions should be emailed as attachments to **color@bestapix.com** or **creative@bestapix.com**, respectively. Each image should be attached to a **separate email** containing entry information.
- The covering email for an digital **entry** must contain the following **information**.
- a. UEN of entrant.
- **b**. **Name** of entrant.
- c. Competition date: month-year (e.g., 11-05).
- d. Competition Name (Color or Creative).
- e. Round Number (1 or 2).
- **f**. Whether the entry is a **makeup** (blank, or X for makeup).
- g. Title of entry (keep under 25 characters).
- An **electronic entry form** will be provided for those who wish to use it. Contact: color@bestapix.com or creative@bestapix.com.
- The **filename** of an image entry should be as follows: UEN\_Competition (Color or Creative)\_ Month Year-Round (if makeup) For example: 76 Creative 11-05 2X
- Images are to be in **jpeg format**. The dimensions of each entry can be **no larger than 768 x 768 pixels**. Although the projector allows images up to 1024 (wide) x 768 (high), the 768 x 768 restriction will not disadvantage images in a vertical format.
- There are **no restrictions on borders or frames** provided the overall image (including any borders) .t within the overall 768 x 768 limits. Judges will evaluate the use of borders as part of the overall image.
- Images that have received an Award or HM in a given Division (e, g., Nature, Photo Travel) are **not eligible** for entry into any future competition in the **same Division**, regardless of whether the format is slide or digital. Thus, for example, a slide that received an Award or HM in 2003 in the Color Division is not eligible for entry in the Color Digital or Color Slide in the future. This restriction does not apply to prior entries in a Print competition. Images that received an Award or HM in the previous 2005 EID Competition, are not eligible for entry in the Color Slide competition. Winning images found to have been resubmitted will not be accepted for the competition. If resubmission is discovered later, any awards and points will be revoked.
- An entry that is received **late**, does **not conform** to the format requirements, or is found to be a **duplicate or resubmission** will not be accepted for competition. If time permits (refer to deadline), **substitute entries are permitted**; otherwise makeups are permitted at a subsequent competition.
- If an entry is **disqualified** during judging, the maker is permitted to submit a makeup entry at a subsequent competition.
- A **makeup entry** is no more than two images, and no more than one makeup entry can be entered per competition.
- Entrants must make sure that their **spam filters** do not block color@bestapix.com or creative@bestapix.com since these addresses will be used to send email to entrants about their images and competition standings.
